USER-FRIENDLIER COATING CHOICE FOR CONCRETE FLOORS

Normafloor Aqua is designed for more environmentally and user-friendly painting, taking into account the technical properties. Thanks to its low VOC content, Normafloor Aqua is safer both for the environment and for the painter. Water-borne coating significantly reduces exposure to solvents.

Low odour Normafloor Aqua dries fast

Normafloor Aqua is a water-borne epoxy coating for concrete floors that forms a very smooth and stylish looking surface. The product is easy and quick to apply. Working with Normafloor Aqua is pleasant because the product is low odour. You can carry out the painting even if there are others nearby.

Approvals

Normafloor Aqua is a CE marked product, so it can be used as a concrete coating for all construction sites. The coating is also M1 classified, so it is an excellent choice for projects where the building material must be low-emitting.

Updated Technical Data Sheet (TDS) and Safety Data Sheet (SDS) and our general conditions of sales are available at www.nor-maali.fi. In case of differences in information: the order of priority of information is TDS and SDS over any other information.
